

We at Southwest Surgical Suites are pleased to announce that we have recently been accredited for 3 years by the Accreditation Association of Ambulatory Health Care (AAAHC/Accreditation Association).

This is an important milestone in the continuing growth and success of our health care organization. We have had an unwavering commitment to providing the highest levels of quality care to our patients, and the same high level of conduct in our business practices. Accreditation by the AAAHC is proof of this commitment, and signifies that we have met the rigorous standards of a nationally recognized third party.

Upon notifying us of our accreditation status, Roy Grekin, MD, the Accreditation Association President, commented, "Achieving accreditation demands a high level of dedication and effort. Southwest Surgical Suites is to be commended for this accomplishment."

Our status as an AAAHC accredited organization allows us to provide an extra measure of confidence to our community. We are proud to have met the challenge of accreditation, and intend to consistently uphold the principles of quality improvement and quality care in the future.
